September 15, 2005

Matthew Ballantyne
Assistant City Manager

Honorable Carl Washington
Board Member
Integrated Waste Management Board
1001 I Street
Sacramento, CA 95812

RE: CONSTRUCTION & DEMOLITION ORDINANCE

Dear Honorable Carl Washington:

I am pleased to inform you that the San Marino City Council adopted the Construction and Demolition Ordinance on the second reading. As you are aware, the City Council was scheduled to be dark in the month of August. Recognizing the urgency to adopt this ordinance, the Council met in August to introduce the ordinance and unanimously adopted it at last night's regularly scheduled meeting. Staff will immediately proceed forward with its implementation in an effort to achieve our mutual 50% diversion goal.

At this time, I respectfully request the California Integrated Waste Management Board reconsider the City's SB 1066 time extension request to give the City an opportunity to monitor the success of this new ordinance. Should you have any questions or need further information, please contact me at your leisure. Again, thank you for your assistance and guidance.

Best regards,

Matthew Ballantyne
Assistant City Manager
City of San Marino
